

Federal Programs: Title I, Part A

The purpose of Tennessee's federally funded Title I, Part A Program is to ensure that all children have the opportunity to obtain a high quality education and reach proficiency on challenging state academic standards and assessments.

Title I schools can operate either as targeted assistance or school wide. Targeted assistance schools identify students who are at risk of not meeting the state's content and performance standards and provide individualized instructional programs to the identified students so that they may meet the state's standards. Schoolwide programs use their funds to improve the entire program of the school so that all students are impacted.
